

The Calgary Horticultural Society What we do:

We are driven by the belief that as the gardening community grows, the city's quality of life is enhanced, and so is the environment.

The Calgary Horticultural Society is a charity that has been helping gardeners achieve their gardening dreams since 1908. Our workshops, newsletters and resources are available to advise on everything from growing healthy fruits and vegetables to creating outstandingly beautiful ornamental arrangements. Every year we get asked to do more and as a non-profit organization, we depend on donations to help us be a strong support to Calgary gardeners.

Please help us with our efforts to support Calgary gardeners.

- General Donation: funds are applied where needed.
