

The Calgary Horticultural Society was formed in April 1908 by a group of passionate individuals who wanted to share the love of gardening with others. In the early years, the Society focused on turning Calgary from prairie grasslands to a blooming oasis. Local business leaders dreamed of creating a more hospitable place with trees for shelter and windbreaks, irrigation, and blossoms to welcome newcomers.

Together with the City of Calgary, the Society planted over 20,000 trees between 1910 and 1914, and since then has become involved with a variety of community projects around Calgary. Together, the Society and the City have helped gardens become more eco-friendly by educating gardeners on the benefits of native and water-wise plants. Today, the Society is the largest and most active horticultural society in Canada, providing a variety of workshops, events, and assistance to Calgary gardeners. The Society is a registered charity and proud of its legacy and serves over 3,500 members.

The Society delivers year-round garden interest learning and value to support our vision *Gardening for Life*. The Society hosts signature events that bring the community together to share their garden passions with presentations, videos, panel discussions and vendors.

THINK
Spring!

We are back with launching yet another virtual event for gardeners. This time our focus is to get them ready for spring. Gardeners often look forward to spring to learn tips and tricks to implement in their own garden in the upcoming season. Hence, we are launching our event in February to give them the time to learn and absorb all the knowledge before they make an informed decision when spring arrives.

The event we are proposing will have a lineup of talks, a marketplace with vendors and sponsors able to have a page showcasing their products, representatives from their store available for a chat/one-on-one private call and able to upload videos and files to their page.

All speaking sessions will be delivered on Zoom or as recorded videos. Sponsors will have their own dedicated vendor page.

We are asking you to be the support sponsor of our event.

Event Date: February 5 and 6, 2022

Platform: PheedLoop virtual events (www.pheedloop.com)
